Is Financial Indpendence Monthly for Americans only?

Stephanie H - 2020-02-20 - Financial Independence Monthly

The Financial Independence Monthly program is directed to Americans, but a lot of the information is transferrable for people in other countries.

People in other parts of the world such as the UK, Canada etc will be able to apply the same ideas, but the specifics will be different.

What I would suggest is to try the program. Many of the investment tips, wealth building secrets, and strategies you will learn are globally applicable, although, it is possible that they will not ALWAYS be applicable.

We have a 60 day money back guarantee so that you have time to review the reports and a few monthly issues to see if the program and advice works for you, at no risk.
